

ORGANIZATION & ROLE

- IFC, a member of the World Bank Group
- Double bottom line investor: For profit, and with development impact
- Higher appetite for emerging market risk than the market
- Investing at market terms in emerging markets, crowding in private investors
- Personally working with IFC's VC team, on early stage investments in climate business (generation & efficiency)
- Current focus sectors: Energy storage, small solar home systems, LPWA IoT networks
- Portfolio company examples: Fluidic Energy, Planet, Ioxus, AST, Mobisol, Microvast, Kalkitech, Ecolibrium
